Unbounded Dependency Constructions with Head-Driven Phrase Structure Grammar

19.01.2010

1. Provide a trace-based analysis for the following sentence

    (1) $[\text{Kim}]_i$, Dana believes Chris knows Sandy trusts $\_{-i}$.

2. The traceless extraction with CELR also applies to other head besides verbs. Please provide a traceless analysis for the following sentence, detailing the relevant values of NONLOCAL features:

    (2) $[\text{Of these results}]_i$ Mary is very proud $\_{-i}$.
